ADHESIVES & GROUTS

SAS Started to produce a wide range of cementitious products through its new venture based on high-efficiency products for buildings & Real estates.

ADHESIVE

SASTILE GP40	General purpose tile adhesive
SASTILE HP50	High-Performance tile adhesive
SASTILE HP60	Highly-Performance tile adhesive
SASTILE SP80	High-Performance Tile Adhesive with Unique Properties

GROUTS

High-Performance Cement based pre-mixed Non-Shrinking Grout

For internal & External applications

SAS GROUT CP200

SAS GROUT GP200

CONCRETE ADMIXTURES

SAS is famous for a complete range of naphthalene & PCE-based admixtures including Retarders, Plasticizers, and Super Plasticizers for batching plants and construction firms.

RETARDERS

RP30B	Highly effective retarding Admixture
RP30	Water reducing & retarding Admixture

BONDING AGENT

SAS BOND SBR

WATER PROOFING ADMIXTURE

Flexible Cementitious waterproofing

Waterproofing AdMixture for Concrete

SAS PROOF 100

SAS WPA-100

SUPERPLASTICIZERS

SAS PLAST SP200	Mid-Range Water reducing Superplasticizer
SAS PLAST SP60	High-Range Water reducing Superplasticizer
SAS PLAST SP500	High-Performance Water reducing and Slump Retaining PCE Superplasticizer

REPAIRING MORTAR

Even under the best construction practices concrete structures face several problems and require structural strength, SAS range of cement materials reinstate, strengthen & retrofit defective & distressed concrete including underwater repairs.

SAS MICRO CRETE High Strength structural Mortar

SAS FIBER CRETE Fiber Reinforced, non-Shrink, High Strength Repair Mortar

SPECIALIZED PLASTERS & MORTARS

SAS Provides a wide range of finishing products that ensure professional and High quality Outputs.

PLASTERING

Bonding Rush Coat	SAS BRC-400
-------------------	--------------------

DECORATIVE PLASTERS

SAS PLASTER DP3	SAS PLASTER DP2
------------------------	------------------------

PUTTY

SAS PUTTY G-500 (WHITE)	SAS PUTTY G-500 (GREY)
--------------------------------	-------------------------------

FLOORING

Abrasion Resistant Floor Hardener	SAS FLOOR H200
Polymer Modified Self-Leveling Mortar	SAS FLOOR SL200
